**March/April** – the Spring mortgage seminars will include a demonstration of The Key

**April** – first system released

**April onwards** – training courses commence

**BRISTOL & WEST MORTGAGES** The new Professional Mortgage from Bristol & West Mortgages

### The Key

Sesame has chosen to work with a mortgage point of sale system from Mortgage Brain called "The Key".

The Key includes a **complete end-to-end process** from sourcing, through to fact-find, through to client management system with integration to insurers, conveyancers and many other providers and services in the future. This system will be fully funded by Sesame and be **at no cost to advisers**.

There are many other benefits we want to share with you about this product and plan to give you a more detailed briefing of these in February ahead of an initial roll out in March.

From feedback that we have received we believe that this is going to be a very popular product and therefore want to offer you the chance to experience it as soon as possible. If you are interested you can **pre-register now**.
